One truck, many jobs

Keep haul roads safe, crews supplied and fire appliances topped up with the same vehicle.

Dust under control

Regular watering improves visibility, safety and crew health.

Water where needed

Supply camps, concrete works and green areas.

Fire support

Refill fire trucks, or fight fires with the optional roof monitor.

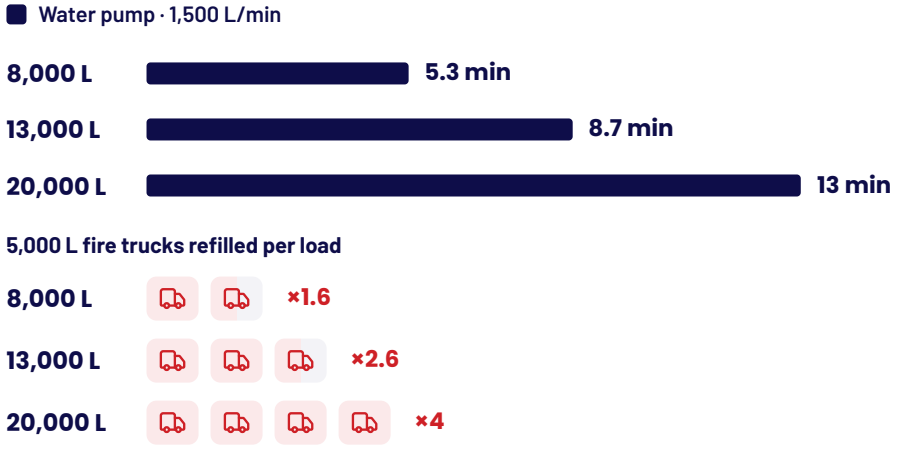

Simple to run

Robust pump, standard valves and easy maintenance.

4 trucks of 5,000 L refilled from one 20,000 L tanker.

What one load delivers

Pump time for a full tank, and how many 5,000 L fire trucks one load can refill.

Three standard sizes

Pick the capacity that matches your chassis, route length and daily consumption.
